Aerosol Ready to Use.

>>TECHNICAL DATA & FEATURES

- Great for cleaning exterior and internal parts and passages on spray guns
- Compatible with water based and solvent based paints
- Grommet fits most PPS type adapters
- Keeps gun clean
- Reduces cleaning times
- Increases productivity

>>APPLICATION:

CAUTION: Be careful not to get solvent into your eyes while using this product. Wear protective glasses.

- Protect surrounding areas from overspray during cleaning. Hold can in an upright position and point away from you.
- Spray outside of gun liberally. Allow solvent to soften paint and wipe with a clean towel
- To remove paint from the fluid passages, pull the gun trigger and spray directly into the paint inlet or cup. Continue spraying until the waste runs clear.
- PPS Type adapters – Remove cup from adapter. Place grommet firmly against adapter. Pull trigger on gun. Point into waste container. Push spray button on SGC Spray Gun Cleaner and flush internal passages clean. Release button to stop spraying, then release trigger on gun. Wipe clean.
- Note this product may not be compatible with all surfaces and all conditions. Test in a small area to ensure no damage will result from the application.
