

Tip Sheet on Axis SuperPro Clear ACL-3000

Easy 4:1 Mixing Ratio

Can be sprayed thru a 1.3 or 1.4 Tip

Can be applied “wet on wet”

Apply 3 full wet coats (if sanding and buffing) allowing each coat to flash to hand slick between coats or a “wet on wet” “limited flash” application can be used allowing a 5-8 minute flash between coats.

Medium Activator will work well into the mid 80’s
