

Tips on the use of Axis Versa Seal 2k Tintable Sealer

It is not aggressive over sensitive substrates
It can be used as a BARRIER over sensitive substrates

Saves \$ on expensive transparent topcoat colors.

As a wet on wet, 1 coat will not cover very well.
As a Barrier, 2 coats will cover with most colors.

Use a 1.8 tip when using as a Barrier Sealer

50004 Red covers in 3 coats

70004 Blue covers in 2 coats

31004 Yellow covers in 2 coats
